## **FASNY Property Security and Green Lawn Garden Center Activities**

Dear Neighbor-

It has been a relatively quiet winter. However, there are a couple of developments we thought you should know about:

**Security Concerns in connection with the FASNY Property:** We have received reports of activities on the FASNY property that are disconcerting: the use of BB guns, the encampment of a homeless man and the rise in the spotting of coyotes. There has also been an increasing amount of dogs allowed to run unleashed on the property. The Association wrote a letter to the Common Council copying the Commissioner of Public Safety and representatives of the French American School. The letter, together with photos, is posted on our website and [can be viewed here](#).

**FASNY Application Process:** We have been informed that FASNY has not yet submitted its responses to the public and governmental comments in connection with the environmental review (SEQR) process associated with their special permit application.

**Green Lawn Garden Center:** As many of you already know, the Green Lawn Garden Center was recently sold. Many of you have reported to us that activity at the nursery on Ridgeway has changed. Many large trucks (as opposed to the smaller delivery trucks used by the previous owners) have been observed delivering landscaping materials, making traffic on Ridgeway more difficult to navigate. Also, the amount of materials stored on the property appears to have increased dramatically. We will attempt to find out more information and will keep you posted.

Spring will be here before we know it!

Thank you.

*-Terence*
